DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 59 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. The term "may" in claim 59 is a relative term which renders the claim indefinite. The term "may" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. "may" is considered a relative term because the term connotes merely the possibility of something to happen rather than something that is definite.

Allowable Subject Matter

1. Claims 1-27 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: The applicant has overcome the prior art of record as indicated in remarks 09/08/2008. The aforementioned 35 USC 112 matter remains.
